

UNC BIOS Masters Alumni Panel

This panel brings together a group of masters alumni to discuss a range of topics from advice on worthwhile activities for current students to career options. This seminar is designed to be interactive, so bring your questions! The discussion will feature:

- Cindy McShea '01 MPH UCB, Inc
- Virginia Pate '07 MS UNC Department of Epidemiology
- Jeran Stratford '16 MS Q² Solutions
- Junheng Gao '17 MS Duke Cancer Institute

All BIOS students, including undergraduate and doctoral students, are welcome to come and hear our alumni's career experience and advice! The panel will be moderated by Todd Schwartz, DrPH, 2004, Research Associate Professor in our department. Refreshments will be provided.

Wednesday, November 15, 2017
5:15-6:30PM
McGavran-Greenberg 1301
Michel Ibrahim Auditorium
